

Standard Manufacturing Stocking Dealer Program

Standard Manufacturing Stocking Dealer Program has been created for dealers who are committed to customer service through inventory direct sales. We believe that dealers who invest in quality product while maintaining levels of inventory give customers an opportunity to handle firearms and purchase directly at that time. This program is only open for dealers who can meet stocking criteria as described on page (2).

To be eligible, Standard Manufacturing requires the dealer must maintain a minimum level of inventory as described on the second half of this application. Failure to do so will remove you from dealer status and you must re-submit an application.

Please fill out the form below to be considered for Standard Manufacturing's Stocking Dealer Program. Please scan and email this form to dealers@stdgun.com or mail to **P.O. Box 1692. 100 Burritt Street, New Britain, CT 06053**

Please Note: You must include a physical copy or PDF of FFL when you submit.
